## Discover the Program

## Master Sessions

Eight master sessions with experts and prominent international leaders discussing the latest in comprehensive care and exploring important aspects of specific topics utilizing a variety of content delivery methods.

## Plenary Sessions and Focused Plenaries

Discover the most up-to-date gynecologic oncology research at four main plenary sessions featuring oral abstract presentations and focused plenary sessions featuring selected abstracts for short oral presentations.

## **Surgical Sessions**

Watch selected films featuring gynecologic cancer surgical techniques narrated by international experts and participate in live discussions.

**Debate your Colleague**

Debate your Colleague

## Early Career Workshop

The Early Career Research and Publications Network is hosting a workshop for attendees to gain an understanding of the importance of publishing and conducting research from gyn onc editorial professionals, share challenges and learn how to incorporate research into their careers.

## Regional Society Sessions

IGCS partners with regional societies worldwide, offering informative sessions on a wide variety of topics. Connect to a global community of like-minded experts by exploring the Regional Society Sessions at IGCS and diving into the world of diverse knowledge.
